

# Winter Waterfalling

Last Modified on 08/21/2024 12:01 pm EDT

Vacations aren't always warm weather beaches. Why not go to southern Ontario, Canada and see some art installed within a frozen waterfall? We offer a two-week tour of the Niagara Escarpment and some of the hundreds of waterfalls there - with a highlight being a art fair where folks make work based on waterfalls, and then put it in the waterfall.

We can offer clients discounts at Air Canada and Porter Airlines via our DFO program.
